

Dear Sea Pines property owner,

As this would have been the week of the 52<sup>nd</sup> Annual RBC Heritage Presented by Boeing, it is especially positive to learn the event has been rescheduled for June 18-21. While the tournament will be played without spectators, we're excited and grateful to have the opportunity to host the PGA TOUR players at Harbour Town Golf Links once again this year.

With the golf course currently closed, we have decided to use this time to complete needed improvements.

For the next three to four weeks, Harbour Town Golf Links will remain closed as we replace all of the cart paths on the course and complete tree trimming and removal. For the safety of the public, no access will be available from any entry point. While it remains closed, please stay off the course at all times. We understand how inviting the weather and the golf course are this time of year, however this is for your safety as we complete these projects.

We also want to remind you of the dangers of using our golf courses for walking and biking. In recent days, we have noticed an increasing number of non-golfers on Atlantic Dunes and Heron Point, which are currently open on a rotational schedule.

We kindly ask that you be mindful of the risk of golf ball injuries and stay off the courses and cart paths when they are open for play. Public access to the golf courses also is restricted as our maintenance crews are at work throughout the day.

We understand these are difficult times and appreciate your cooperation in this matter. As always, thank you for your continued support.

Sincerely,

Cary Corbitt  
Vice President  
Sports & Operations  
The Sea Pines Resort
