PLACEMENT OF VEHICLE DECALS

Please read before affixing your decal. Decals must be permanently affixed to the outside of the assigned vehicle's windshield in a manner that does not obstruct the driver's view. (see diagram) Decals that are not properly affixed to the assigned vehicle may be confiscated and loss of decal privileges may result.

Affix the decal along the top, center (A) outside of the windshield or along the driver's side, top (B) or bottom edge (C). Avoid vehicle sensors, cameras, or windshield wipers.

IMPORTANT INFORMATION & REMINDERS

- Decals are not transferable from one vehicle to another or from person to person. Do not attempt to reuse the decal once it has been removed from a vehicle.
- Affix the decal to a clean, dry surface when the temperature is above 40°F.
- Remove any old decals before affixing the new decal to the windshield. Placing decals on top of existing decals will not adhere properly.
- Avoid using a car wash or driving in inclement weather after attaching the decal for a minimum of 48 hours to allow the decal to properly adhere to the surface of the windshield.
- Decals must be removed from the vehicle prior to any windshield replacement or before trading or selling the vehicle. The decal must not be reused once it has been removed from the vehicle.
- Replacement decals may be obtained from CSA Security with the original decal (or pieces thereof) returned and a replacement fee, if applicable. If the original decal cannot be returned, a new decal must be purchased.
- Decals cannot be used to access Sea Pines on a bicycle.
- Any type of signage or advertising on vehicles must not be visible from 7:00pm to 7:00am. Signage or advertising must be removed or covered completely.

Sea Pines CSA vehicle decals are and remain the property of Community Services Associates, Inc. Sea Pines CSA security may suspend or revoke any decal due to the failure of the person issued the decal to honor or abide by Sea Pines policies, procedures, rules, or regulations.
