#### **Why I Wish to Serve the Sea Pines Community:**

I am happy to be a Sea Pines resident, and am a passionate consumer of our options to bike, hike, golf, and take in the beautiful scenery and wildlife available to us in Sea Pines. As part of the CSA, I hope to support the administrative processes that help make that all happen, and lead to a very satisfying experience for our property owners. I have a depth of experience in board membership and leadership, and cross-discipline business processes. Perhaps most importantly, I am passionate about customer satisfaction and process efficiency.

I'd like the opportunity to deliver that to you.
