Why I Wish to Serve the Sea Pines Community:

The summer of 1993 my husband and I planned a quiet get-away to a beautiful little place we saw advertised called Hilton Head Island. Little did we know that all roads led back here Over the years, we would choose this beautiful island for its peace, abundant nature and making lifetime memories. In 2012 we purchased a villa inside of our favorite gates, Sea Pines! For years I envisioned what I would do when we finally became full timers. My desire is to give back to a place that provided peace and joy to my family and to inspire people to never lose sight of their why. My "why I want to serve" is to help protect, preserve, enhance and engage in my Sea Pines community so the magic of this special place will transcend generations to come.
