

South Sea Pines Drive Infrastructure Improvement Project

Major stormwater drainage work along South Sea Pines Drive from Audubon Pond Road to Painted Bunting is in progress and is scheduled to continue over the next few weeks.

- Project work includes stormwater drain pipe excavation and replacement, asphalt milling, and temporary roadway paving repairs.

Traffic and Leisure Trail Impact Reminders:

- Single-lane road closures and flagging operations will be in place daily, weather permitting.
- Motorists should expect traffic delays and be prepared for traffic detours from South Sea Pines Drive to South Beach Lane.
- Leisure trails in the project area will be closed as needed. *For safety, cyclists will be required to dismount and walk bikes around the active work zones.*
- Motorists should be prepared to share the road with bikers and pedestrians.
- Please use caution while driving in this area and observe the work zone speed limit of 15 mph and obey all traffic management personnel, signage and devices.
